

Certified Backflow Prevention Testers As of December 21, 2010

****IMPORTANT NOTICE:** This is a list of testers who have submitted all necessary qualifications to the Town of Markham to prove that they meet the requirements of By-law #2007-142. These testers are eligible to perform cross connection surveys and backflow device testing. The list is for convenience only; customers can hire anyone who meets the [specific technical requirements under the By-law](#). If a survey or test report is completed by someone who does not meet these requirements, the report will **NOT** be approved by the Town of Markham. Thank you for your co-operation in this matter. Please direct any questions to backflow@markham.ca.
