What is the New NCCCP?

“Cbet! Cbet! “

- Competency Based Education and Training- a coach training program that develops and evaluates identified competencies.
- Competencies are developed through Multi-sport (theory) and Sport Specific (technical) learning modules.
- Competency evaluation is conducted outside of the education / training sessions.

CBET Coaching Streams and Contexts

Vocabulary Review:

- *Multi-sport*: You know it as Theory.
- *Sport-specific*: You know it as Technical.
- *Coaching Streams*: 3 distinct groupings- Community, Competition and Instructor.
- *Coaching Contexts*: Divisions of the Streams into (for example) Beginner, Intermediate, Advanced.
- *Modules*: are independent units of study within the contexts. They may be taken individually or “bundled” into courses.
- *Learning Facilitators*: You know them as Course Conductors.

What are the Multi-Sport Modules?

- 6 Multi-Sport Modules make up the Introduction to Competition context:

✓ Planning a Practice	7 hrs
✓ Ethical Coaching	3 hrs
✓ Nutritional Advice	$\frac{3}{4}$ hr
✓ Teaching & Learning	6 hrs
✓ Program Design	3 hrs
✓ Mental Preparation	3 hrs

How will the multi-sport modules be packaged ?

Although modules can be delivered as individual units, Introduction to Competition will normally be delivered in two parts:

Part A – weekend 1	Part B – weekend 2
Setting the scene	Orientation
Ethical coaching	Program design
Practice planning	Teaching & Learning
Nutritional advice	Mental preparation
12 1/4 hrs	13 hrs

What about Evaluation & Certification?

- Modules are the opportunity for coach education and training.
- Subsequent, separate Evaluations for each module are used to demonstrate competence.
- Certification will be awarded after successful Evaluation of all coach competencies within a context.
- The method and cost of Evaluation is still not fully determined (multi-sport and specific).

What's the timeline for these changes to the NCCCP?

- Level 1 and 2 Theory courses were replaced by Introduction to Competition A and B on April 1, 2004.
- A home study is available for Intro to Competition.
- Sport specific (NSF/PSO) programs are at various stages of development.
