

# March Break Programs

## ART - Art Memoirs - A Visual History

Inspired by our exhibition, Homage to the Heart with artwork by Brenda Joy Lem, this March Break, kids will explore themes of identity and self-discovery as they create visual artworks of their family history and cultural traditions. Using techniques which can range from photo collage, sculpting, and silkscreening, young artists will display their final art pieces in the foyer of the Varley Art Gallery for two weeks including the official opening reception of the exhibition on Thursday, March 25. Ms. Lem will be guest instructing for part of the week, sharing with the kids her personal journey and creative inspiration as well as techniques employed in her artwork. The class is limited to 10 participants. All materials included. NOTE: Participants are asked to bring in a selection of family photos that will be used for their project so make sure you have other copies!!

## Holiday Chess Camp

Checkmate! Not your average day at camp. Participants will enjoy three hours per day of chess instruction.

## Holiday Power Skating & Hockey Skills

The emphasis of this hockey skills development program will be skating posture, agility, stopping, edges, crossovers, backward skating, puck control, passing and shooting. This program would benefit beginner and house league players. FULL HOCKEY EQUIPMENT MUST BE WORN. The class will be divided into groups based on age and agility.

## March Break - Extended after care

EXTENDED HOURS PROGRAM.

This program is designed to supervise participants after their Day Camp program. A variety of indoor and outdoor activities will be organized.

## March Break - Extended before care

EXTENDED HOURS PROGRAM.

This program is designed to supervise participants before their Day Camp program. A variety of indoor and outdoor activities will be organized.

## March Break Full Day Art Programs Monday - Sculpture Studio

Dress for mess and have fun working with clay and other materials to create your own 3-D objects and sculptural masterpieces. Learn different techniques for creating forms, including coil, pinch and modelling methods. Explore surface design and various decoration styles. Materials provided.

## Tuesday - Painting Pizzazz

Kids will learn how to explore the many styles, techniques and media involved in painting. Using brushes, utensils, straws and other unconventional items, campers will create examples of both traditional and modern masterpieces. Come ready for mess and full of inspiration! Materials provided.

## Wednesday - Think and Create Out-of-the-Box

This full day camp is designed to inspire kids to create artwork using non-traditional techniques, materials and surfaces to create a large scale creation like no other. Perfect for the child who has a limitless imagination and loads of creative energy. Materials provided.

## Thursday - Drawing and Design

Drawing and designing are important aspects of creativity, and kids are encouraged to let their imagination run wild! Projects include perspective drawing and visual memory exercises. Kids also learn that a pencil isn't the only tool you can use to draw. Materials provided.

## Friday - Mixed Media & Collage

Inspired by current exhibition, Homage to the Heart, kids will discuss the concept of identity and heritage and create their own mixed media masterpiece using techniques of photo collage and silkscreening. Materials provided.

# March Break Programs

## March Break - Kiddie Corner

Join the fun and participate in this half day program filled with creative games, cooking activities, crafts, songs, special guests and theme days. Children will enjoy a variety of activities each day.

## March Break Computer Fun

A camp with a difference! A variety-based camp with a computer component. Campers will be involved in a variety of outdoor activities, cooperative games, sports, crafts, theme days, cooking, swimming, and special events. Participants will be introduced to computers and will receive 1 hour of computer time at a ratio of one computer to two children each day. An excellent range of fun educational software is used to introduce campers to the importance of computers. This camp is geared to children who enjoy the outdoors, socializing with new friends and learning about computers.

## March Break Computers - eHomework

Teaches computer skills required for completing homework on Microsoft Word. Students are introduced to correct touch-typing skills before poor habits are developed. Microsoft Word topics include: formatting, lists, columns, tables, images, drawing, margins and the use of shortcut keys. Topics also include: using templates to create signs, calendars, flyers, brochures and more. This program does not include instruction of Internet resources.

## March Break Computers - Excel and PowerPoint

Topics include the application of Microsoft Excel, an electronic spreadsheet that enables you to create worksheets for data entry, to make calculations and charts. Focus is on teaching students to use formulas, functions and graphs. This course also teaches students to make presentations with Microsoft PowerPoint, for easy organization and delivery of ideas to an audience.

## March Break Computers - HTML Web Design

Provides a thorough guide to creating websites using HTML (Hypertext Transfer Mark-up Language). Students will follow step-by-step lessons to create their own website using HTML tags including heading, images, tables and hyperlinks. Students will learn to post their websites on the Internet.

## March Break Computers - Keyboarding Beginner

Students learn the correct typing technique including the correct finger position on the keyboard, typing lower and uppercase letters, numbers and other characters without looking at the keyboard. In addition to lessons completed in class, students will have access to personalized online accounts to learn and improve their typing skills. The typing accounts contain lessons, exercises and exciting typing games tailored to each student's needs. Markham Village Branch uses Microsoft Office 2007.

## March Break Creative Drama

Acting inspires the imagination, improves self-confidence, develops public speaking skills and it's FUN!!! Enjoy a week of drama filled with movement, music, puppetry, props, costumes and dialogues!

## March Break Discovery Camp

Explore the fascinating marvels of science through curious investigation and interesting experimentation. Have the chance to participate in a variety of activities like creating bubbling concoctions or slimy mush as well as, recreational swimming, arts and crafts, sports and games. Enjoy a memorable week filled with special events for everyone!

## March Break Drama Camp

An exciting opportunity for youth to explore various styles of theatre under professional instructors. Different aspects of theatre will be emphasized: Mime, physical theatre, improvisations and voice. This is an excellent development opportunity for building confidence and dramatic skills.
