

## Holiday Chess Camp

Checkmate! Not your average day at Camp. Participants will enjoy three hours per day of chess instruction.

## Holiday Power Skating & Hockey Skills

The emphasis of this hockey skills development program will be skating posture, agility, stopping, edges, crossovers, backwards skating, puck control, passing and shooting. This program would benefit beginner and house league level players. **FULL HOCKEY EQUIPMENT MUST BE WORN.** The class will be divided into groups based on age and ability.

## Extended Before care

**EXTENDED HOURS PROGRAM** This program is designed to supervise participants before and after their Day Camp program. A variety of indoor and outdoor activities will be organized. Children will be bussed to and from the camp location and the Extended Program location if applicable. *Participants must be dropped off in the morning and picked up in the afternoon from the Extended Program locations. TIME 8:00 - 9:00 am Mornings*

## Extended After care

This program is designed to supervise participants after their Day Camp program. A variety of indoor activities will be organized.

## My First Computer Workshop

Students learn to type and use basic features of Microsoft Word and Paint. Topics include: printing, saving, clip art pictures, font, drawing and educational games. Students will also have access to personalized online accounts to complete typing lessons, activities and games.

## Computer Fun Camp

A camp with a difference! A variety-based camp with a computer component. Campers will be involved in a variety of outdoor activities, co-operative games, sports, crafts, theme days, cooking, swimming, and special events. An excellent range of fun educational software is used to introduce campers to the importance of computers. This camp is geared to children who enjoy the outdoors, socializing with new friends and learning about computers.

## Computers - eHomework

Teaches computer skills required for completing homework on Microsoft Word. Students are introduced to correct touch-typing skills before poor habits are developed. Microsoft Word topics include: formatting, lists, columns, tables, images, drawing, margins and the use of shortcut keys. Topics also include: using templates to create signs, calendars, flyers, brochures and more. *This program does not include instruction of Internet resources.*

## Computers - Excel and PowerPoint

Topics include the application of Microsoft Excel, an electronic spreadsheet that enables you to create worksheets for data entry, to make calculations and charts. Focus is on teaching students to use formulas, functions and graphs. This course also teaches students to make presentations with Microsoft PowerPoint, for easy organization and delivery of ideas to an audience.

## Computers - Keyboarding Beginner

Students learn the correct typing technique including the correct finger position on the keyboard, typing lower and uppercase letters, numbers and other characters without looking at the keyboard. In addition to lessons completed in class, students will have access to personalized online accounts to learn and improve their typing skills. The typing accounts contain lessons, exercises and exciting typing games tailored to each student's needs. *Markham Village Branch uses Microsoft Office 2007.*

## Discovery Camp

Explore the fascinating marvels of science through curious investigation and interesting experimentation. Have the chance to participate in a variety of activities like creating bubbling concoctions or slimy mush as well as, recreational swimming, arts and crafts, sports and games. Enjoy a memorable week filled with special events for everyone!

## Junior Sports Camp

Young children can enjoy hours of fun playing sports and co-operative games all day. We focus on soccer, basketball, t-ball, floor hockey, and sportsmanship. Tournaments, special events and an end-of-camp party will round off the week.

## Kiddies Korner

Join us daily for an exciting winter break where your child will participate in scavenger hunts, crafts, games, cooking and music.

## Learn To Skate - Preschool/ Children

A beginner skating program designed to introduce basic skating skills to youth. The participants will gain confidence in their skating abilities through various activities. *C.S.A. approved hockey helmets are MANDATORY. Ski gloves/mitts and warm clothing are required. Face masks are recommended (mandatory for preschoolers) Sorry, failure to arrive at class with proper equipment will result in non-participation. Please wear warm clothing.*

## March Break Drama Camp

An exciting opportunity for 'young actors' (children age 9 to 13) to explore various styles of theatre under the guidance of highly qualified professional instructors. Different aspects of theatre will be emphasized, including physical theatre, improvisation, mime and voice. This is an incredible development opportunity for building confidence, speech, presentation, and artistic skills. Drama Camp takes place at *Markham Theatre* and Unionville High School Arts York Drama Studio and *ends with a live, fully staged show created by the students on the prestigious stage of Markham Theatre.* Registration includes *free attendance* to the March 18<sup>th</sup> matinee performance of *The Peking Acrobats*®.

## Museum - March Break Machines Camp

Keep your child's creative mind busy over the school break with a week of exploring the Museum's many marvelous machines. Along with cooperative games and outdoor activities, campers will explore the blacksmith shop, wheel wright, sawmill, print shop and many other exciting buildings and exhibits full of simple and complex machines. Campers will get up close and personal with these amazing machines in action and they will also practice their problem solving skills as they get to invent their own machines! *Extended care available (8 a.m. - 6 p.m.) for an additional \$36*

## Musical Theatre Camp

Fun filled games in drama, movement and improvisation! Each day includes play rehearsal and fun-filled drama games. Act, sing and dance in a children's adaptation of *Sound of Music* or *Lion King*. The script is age appropriate and every child receives a name part with plenty of lines. *Family and friends are invited to the BIG SHOW on the last day.*

## Skating and Hockey Skills

The emphasis of this hockey skills development program will be skating posture, agility, stopping, edges, crossovers and backward skating as well as puck control, passing and shooting. This program would benefit beginner and house league level players. Full hockey equipment must be worn. The class will be divided into groups based on age and ability.

## Soccer & Skating Camp

Soccer and skating, along with a variety of games, is the focus of this camp. Each day campers will alternate between soccer lessons and recreational skating.

## Soccer Clinic

This skills development program will provide your child with 3 hours a day of soccer instruction. The emphasis on the program will be ball control, shooting, passing, soccer drills and scrimmage games. This program will benefit the beginner and house league level players.

## Much March Madness

Come join us during the March Break. Further information with confirmation letter. *Children will require a lunch and snacks on each day.*

## Much March Madness - Extended Program

Come join us during the March Break. Further information with confirmation letter. *Children will require a lunch on each day that they participate.*

## Don't miss March Break at The Varley Art Gallery, March 14-18, 2011

### HALF-DAY SESSIONS FOR AGES 4 - 6:

Register for a 3-hour hands-on studio program and take your art creations home. Morning programs run from 9:00 am to 12:00 pm and afternoon programs run from 1:00 to 4:00 pm. All materials included. \$26.50 for non-members, \$23.85 for members, \$28.50 for non-residents

#### Sculpture Factory

Work in 3D! Design and create sculpture in plastecine, clay and a variety of other everyday materials. Learn techniques of relief and additive sculpture, and build to your hearts content!

#### Drawing 101

The perfect class for your young artist to be introduced to the magic of drawing. Kids will create artworks such as still life drawings and self-portraits. As they discover the world around them, drawing sharpens their observation and spatial skills

#### Ready, Set, Paint!

Explore the fundamentals of colour and design, examining various painting techniques and mediums. Students will work in watercolour, acrylic and tempera paints, studying different styles of painting from traditional to more modern forms.

#### Look, Listen, Feel, Create

This program is for the child who would like to respond creatively to all the sights and sounds around them. Paint what you hear, sculpt what you feel and draw what you see from memory.

#### All Mixed Up!

Young artists will be introduced to projects that incorporate a variety of materials, both natural and synthetic used in every day life. Each project will help kids see art and the world we live in, in a new perspective.

### FULL DAY SESSIONS FOR AGES 7 - 12:

Programs run from 9:00 am to 4:00 pm. All materials included. Cost: \$48.00 for non-members, \$43.20 for members, \$50.00 for non-residents

#### ART - Young Painters Studio

Held in Fred Varley's former art studio, this March Break, young artists will be challenged in their understanding of what a painting is, and how techniques, approaches and expression have evolved over time by one of the gallery's professional instructors. Campers will study the paintings of Varley in the galleries and works by contemporary paintings in our current exhibition including Carol Wainio: the Book. They will work to develop a stronger understanding of their personal approach and create a narrative painting based on an idea, story or concept they would like to express. Artwork will be exhibited in the gallery foyer following the program for the public to appreciate. All materials included.

#### Sculpture Studio

Dress for mess and have fun working with clay and other materials to create your own 3-D objects and sculptural masterpieces. Learn different techniques for creating forms, including coil, pinch and modelling methods. Explore surface design and various decoration styles.

#### Painter's Studio

Kids will learn how to explore the many styles, techniques and media involved in painting. Using brushes, utensils, straws and other unconventional items, campers will leave with a myriad of creations. Come ready for mess and full of inspiration!

#### What Is Art?

This full day camp is designed to inspire kids to create artwork using non-traditional techniques, materials and surfaces to question what art really is? Let your hair down and let your child's imagination run wild.

#### Drawing and Design

Drawing and designing are important aspects of creativity, and kids are encouraged to let their imagination run wild! Projects include perspective drawing and visual memory exercises. Kids also learn that a pencil isn't the only tool you can use to draw!

#### Now, Then and Next

Working in a variety of media, kids will be introduced to the gallery's permanent collection and current exhibition to learn about different styles, media and techniques used in more historical and contemporary art to produce their own artwork. Campers will create one project based on their ideas and imagination of what they think is the next big thing in art. All materials included.

#### Extended Before/After Care

This program is designed to supervise participants before and after their Day Camp program. A variety of indoor and outdoor activities will be organized. Children will be bussed to and from the camp location and the Extended Program location if applicable. Participants must be dropped off in the morning and picked up in the afternoon from the Extended Program locations (Studio, McKay Art Centre).

**Before Care: 8:00 a.m. - 9:00 a.m., 181600, \$9.00 per course**  
**After Care: 4:00 p.m. - 6:00 p.m., 181601, \$18.00 per course**
