A Site Plan Control application has been received from 461468 Ontario Limited (David Burstein) c/o Technoarch Inc. (Harpreet Bhons) for 7481 Woodbine Avenue. The application proposes a day care within the existing building and a proposed outdoor play area requiring modifications to the current parking layout.

DEFINITION OF APPLICATION TYPES

Official Plan Amendment

The process through which changes are made to the City's Official Plan. A document, containing policies which guide the future development of land in Markham. The Official Plan also includes a framework for establishing regulations and standards for land use and contains policies on how the City will manage growth.

Zoning By-Law Amendment

The process through which the City guides and approves changes to how lands are used for specific purposes. The process also addresses related development standards such as property setbacks, building height, and parking.

Plan of Subdivision

The process through which the City guides and approves the design and layout of building lots and roads (neighborhoods).

Site Plan Control

The process through which the City guides and approves the layout of building elevation, landscape and site circulation.

Condo

The process through which the City guides and approves the development of condominiums.
